

# PIAGGIO *Medley*

PIAGGIO®

# **MORE SPACE FOR YOUR TIME**

The Piaggio Medley multiplies space. Its underseat compartment contains all you need to indulge those flights of fancy and take your emotions wherever you wish.

**Your day, your Medley.**

# THE SMART CHOICE

The Piaggio Medley is a full immersion in vitality. The innovative, agile and lightweight high wheel scooter with the performance of a higher range is a harmony of opposites. Dynamic in traffic, easy to handle and compact but super spacious, it is also perfect for rides beyond the city limits. The high performance and innate class of the design, available in a classic and a sporty version, enhance the thrilling and fun ride. The dynamic character of the bike is defined by its fluid lines, with a protective front end and streamlined rear. Meanwhile, the stylistic choices are a nod to functionality: an ergonomic saddle, a handlebar that houses the full-LED headlight and digital LCD instrument cluster, wide wheels with bold rims and a host of other highly sought-after details.

# NEW ENGINE, NEW POWER

With its **new engine**, the Piaggio Medley has graduated into the **200 class**. The RISS system (Regulator Inverter Start & Stop System) reduces fuel consumption and emissions, whilst simultaneously improving the lightness and reliability of the bike, making it the perfect partner for sustainable, high-performance mobility.

# USEFUL TECHNOLOGY

In terms of the smart solutions designed to optimise the on-board experience, the Piaggio Medley is simply unbeatable. The full-LCD instrument cluster allows the rider to keep an eye on all the vehicle's parameters. The bike also comes equipped with full-LED headlights and the daytime running lights, for greater visibility and improved safety, while the exposed fuel cap on the central tunnel enables refuelling without having to get out of the saddle. The roomy leg shield backplate compartment comes with a USB port.

**FULLY DIGITAL LCD  
INSTRUMENT CLUSTER**

**USB CHARGING PORT  
FOR SMARTPHONES**

**FUEL CAP ON  
CENTRAL TUNNEL**

The compartment is extremely spacious, and can hold two jet helmets. The fold-out passenger footpegs make journeys more comfortable. The two-channel ABS system delivers maximum safety while riding. This system, combined with the structure and the dimensions of the bike,

convey a sense of stability even to less experienced riders. Models of all displacements are equipped with engines from the Piaggio i-get family, harnessing "Italian green experience technology".

# FEATURES

**FOLD-OUT PASSENGER  
FOOTPEGS**

**UNDER-SEAT COMPARTMENT  
LARGE ENOUGH TO HOLD TWO  
JET HELMETS**

**TWO-CHANNEL ABS**

**I-GET ENGINES WITH  
START & STOP SYSTEM**

# YOUR MEDLEY

The Piaggio Medley is available in two different versions. The iconic Medley, with its sophisticated, elegant character, and the sporty Medley S, for those looking for a powerful, responsive ride. Two models united by Piaggio's technological excellence and style.

- **Piaggio Medley**
- **Piaggio Medley S**

# Medley

125 HPE ABS/ASR  
200 HPE ABS/ASR

## ELEGANT AND URBAN

The classic version of the Piaggio Medley is available in traditional colours, including **Grigio Astrale** and **Nero Abisso**, both paired with black saddle and interior trims. These colours are combined with an elegant aluminium-tone finish for the wheel rims and the passenger grab handle.

# Medley S

125 S HPE ABS/ASR  
200 S HPE ABS/ASR

## EDGY AND URBAN

The sporty personality of the Piaggio Medley S is enhanced by the special details and finishes: **black rear shock absorbers, a saddle with sporty detailing, gold-coloured brake callipers and petal-profile brake discs.** The bike finder feature, which can be activated remotely, and the PIAGGIO MIA connectivity system - the multimedia platform for connecting the on-board system with the rider's smartphone - are available as standard.

# SERVICES

## NO STRESS, ENDLESS EMOTIONS

Purchase a Piaggio scooter from the Official Network and get up to four years of warranty.

## EXTENDED COMMERCIAL WARRANTY

At the end of the Standard Commercial Warranty (lasting 2 years from purchase or registration of the vehicle) a warranty lasting 12 months + additional 12 months (up to a maximum of 24 months) will be activated, provided that the ordinary maintenance activities set out in the Use and Maintenance Manual are carried out by the Service Centers of the Official Assistance Network, starting from the date of purchase of the vehicle. The Extended Commercial Warranty will be granted to Piaggio scooters equipped with internal combustion engines up to 50 cc Euro 5 approved and over 50 cc Euro5+ approved, purchased from the Official Network starting from 19th May 2025, at no additional cost to the customer. It guarantees free repair or replacement of major components. For more information, exclusions and general conditions on the Extended Commercial Warranty and the Standard Commercial Warranty, contact the Official Network or visit the [piaggio.com](http://piaggio.com) website.

Check with your trusted dealer which packages are available on the various models.

Thanks to the X-Care + Maintenance services the brand offers, you can drive your Piaggio scooter without a care in the world. When you select and purchase one of the packages available to meet various needs, you will be entitled to periodic scheduled maintenance in line with the specifications set out in the use and maintenance manual. The services described can be activated on the models with engine capacity of 50 cc or above. Check with your trusted dealer which packages are available on the various models.

With DreamRide, your dream of riding a Piaggio scooter is even easier to achieve. In fact, you can choose the most suitable financing solution for you, selecting it from a range of services conceived by the Piaggio Group to meet the numerous and changing financing needs.

The company reserves the right to make technical and aesthetic changes at any time. Full information on models and accessories is available at [www.piaggio.com](http://www.piaggio.com). Ride carefully, always wearing a helmet and suitable gear. Always comply with the rules of the road and respect the environment. Read the operating and maintenance manual carefully. Always ask for original and approved spare parts in accordance with current legislation. Visit an Official Piaggio Dealership or Authorised Retailer for a secure purchase and guaranteed service support.
